Helpful Hints...

Check the **Application Name** drop down menu for a list of predefined applications. If you select one of the predefined applications, click the arrow button next to the drop down menu to fill out the corresponding field.

You can select a computer from the list of DHCP clients in the **Computer Name** drop down menu, or you can manually enter the IP address of the LAN computer to which you would like to open the specified port.

Select a schedule for when the rule will be enabled. If you do not see the schedule you need in the list of schedules, go to the **Tools -> Schedules** screen and create a new schedule.

You can enter ports in various formats:
Range (50-100) Individual

Through that semester, the Latina/Filipino educator had several lessons as part of the San Francisco Bay Area Latina/Filipino community—all in the process getting acclimatized to the city!.. She met someone at Stanford while studying to become a doctor of medical science. So she decided to move on: "You are going to Stanford after school to study English and medicine...I wanted to learn to write, read, and listen to all those things.".. Tutoring continued throughout the duration of her career, during multiple phases.. She was still tutoring and studying for her final semester, but she wanted to learn something that was useful for other people who are learning English in San Francisco.. With training completed and with her Latina/Filipino friends sharing to her, she moved her Latina/Filipino partner to the city again. This time, she decided to live in L.A.
